**1. Authorship Responsibility**

By signing this document, I hereby warrant that I have participated sufficiently in the conception and design of the Work, the analysis of the data (where applicable), as well as the writing of the manuscript, to take public responsibility for it.

I warrant that the manuscript represents our valid original work, that all statements as facts are based on the careful investigation and research for accuracy, that the Work contains no libelous or unlawful statements, does not in whole or part, infringe any copyright or violate any right of privacy or any other personal or property right whatsoever, or contain material or instructions that might cause harm or injury.

Further I warrant that the Work has not been published in total or in part elsewhere, and that the Author(s) has/have full power and authority to enter into this copyright assignment and to make the grants herein contained. I have reviewed this manuscript (original version) and approve its submission for publication or any other use.

If I am listed above as a corresponding author, I will provide all authors with information regarding this manuscript and will obtain their approval before submitting any revision. Neither this manuscript nor one with substantially similar content under my authorship has been published, or submitted for publication elsewhere while under consideration by *Medicus*.

## **2. Statement of Human and Animal Rights**

By signing this document, I hereby warrant that the Work procedures were in accordance with the ethical standards of the responsible committee on human experimentation (institutional and national) and with the Helsinki Declaration of 1975, as revised in 2000. I warrant that the Work has been approved by the appropriate ethical committees related to the institution(s) in which it was performed and that Work procedures were in accordance with institutional and national guide for the care and use of laboratory animals.

Each author warrants that his or her institution has approved the protocol for any investigation involving humans or animals and that all experimentation was conducted in conformity with ethical and humane principles of research.

## **3. Statement of Informed Consent**

By signing this document, I certify that identifying information, including patients' names, initials, or hospital numbers, are not included in written descriptions, photographs, and pedigrees unless the information is essential for scientific purposes and the patient (or parent or guardian) gives written informed consent for publication. Further I warrant that all subjects included in research gave informed consent to the work.

## **4. Copyright Transfer Agreement:**

### **A. Copyright**

I hereby assign and transfer to the Medical Faculty University of Kragujevac, during the full term of copyright and any extensions or renewals of that term, all of the rights and interest in and to the copyright of the Work, including but not limited to the right to publish, republish, transmit, sell, distribute and otherwise use the Work or any portion thereof in electronic and print editions of *Medicus* and in derivative works throughout the world, in all languages (including all media both now known and later developed), and to license or permit others to do so.

Reproduction, posting, transmission or other distribution or use of the Work or any material contained therein, in any medium as permitted hereunder, shall include a citation to *Medicus* and an appropriate credit to Medical Faculty University of Kragujevac.

### **B. Retained Rights**

Notwithstanding the above, the Author(s), or, if applicable, the Author'(s) employer retains all proprietary rights other than copyright, such as patent rights, in any process, procedure or article of manufacture described in the Work, and the right to make oral presentations of material for the Work.

### **C. Other Rights of Author**

The Medical Faculty, University of Kragujevac grants back to the Author(s) the following:

The right, without charge, to photocopy or download, print out and distribute to a co-Author or colleague a copy of the published Work in whole or in part, for that Author's personal or professional use, for the advancement of scholarly or scientific research or study.

The right to republish, without charge, in print format, all or part of the material from the published Work in a book written or edited by the Author(s).

The right to use selected figures and tables, and selected text (up to 250 words, exclusive of the abstract) from the Work, for the Author's own teaching purposes, or for incorporation within another work by the Author(s) that is made part of an edited work published (in print or electronic format) by a third party, or for presentation in electronic format on an internal computer network or external Web site of the Author(s) or the Author's employer.

The right to include the Work in a compilation for classroom use (course packs) to be distributed to students at the Author's institution free of charge or to be stored in electronic format in datarooms for access by students at the Author's institution as part of his/her course work (sometimes called "electronic reserve rooms") and for in-house training programs at the Author's employers' facilities.

#### **5. Conflict of Interest Statement**

By signing this document, I certify that any affiliations with or involvement (either competitive or amiable) in any organization or entity with a direct financial interest in the subject matter or materials discussed in the manuscript are noted below (e.g., employment, consultancies, stock ownership, honoraria, expert testimony, patent applications and/or ownership, etc.). Otherwise, my signature indicates that I have no such financial interest. All financial research or project support is identified in an acknowledgment in the manuscript. Any disclosures listed below must also appear on the title page of the manuscript.

**Statement of Financial Interest:** (If more space is required, submit a signed attachment.)
