

FIRST YEAR OF STUDIES

school year 2025/2026.

**INTRODUCTION TO MEDICINE AND MEDICAL
TERMINOLOGY**

Subject:

INTRODUCTION TO MEDICINE AND MEDICAL TERMINOLOGY

The course is evaluated with 3 ECTS. There are 3 hours of active teaching per week (2 hours of lectures, 1 hour of other forms of teaching-seminar).

TEACHERS AND ASSOCIATES:

SN	Name and surname	Email address	title
1.	Vladimir Janjic	vladadok@yahoo.com	Full Professor
2.	Dragana Ignjatović Ristić	draganaristic4@gmail.com	Full Professor
3.	Snežana Radovanović	jovanarad@yahoo.com	Associate Professor
4.	Milan Zaric	zanicmilan@gmail.com	Associate Professor
5.	Ivana Simić-Vukomanović	drivanasimic@gmail.com	Associate Professor
6.	Branimir Radmanović	biokg2005@yahoo.com	Assistant professor
7.	Valentina Opančina	valentina.opancina@gmail.com	Assistant professor
8.	Milan Đorđić	mcpikac@gmail.com	Assistant
9.	Sladana Veselinović	sladjave@gmail.com	Teaching Associate
10.	Ermin Fetahović	erminfetahovic96@gmail.com	Teaching Associate

COURSE GOAL:

Acquiring knowledge about medicine, definition of medicine; Seeing medicine in relation to other scientific disciplines; Understanding the importance of medicine for the social community and the individual; Familiarity with different approaches and definitions of health and disease; Understanding the doctor-patient relationship in the treatment process; Acquaintance with basic terms in medicine; Understanding medical terminology and abbreviations; Acquiring knowledge about medical terms derived from Latin and ancient Greek; Acquiring knowledge about basic medical terms in the Serbian language.

COURSE OUTCOME:

Upon completion of classes in Introduction to Medicine and Medical Terminology, the student will be able to:

- Defines medicine content-wise and methodologically;
- Considers medicine in relation to other scientific disciplines and its importance for society and the individual;
- Understands the doctor-patient relationship in the treatment process and recognizes different approaches to health and illness;
- Understands basic medical terms in Serbian, as well as terms derived from Latin and ancient Greek.

ASSESSMENT:

SEMINAR PAPERS: In this way, the student can earn up to 20 points. Each student receives a topic for a seminar paper in each module that he teaches in written form. The preparation, content and form of the seminar paper are evaluated. A list of topics for seminar papers will be offered to students in the first term of the course.

EVALUATION OF THE CLINICAL SEMINAR: In this way, the student can gain up to 20 points. Preparedness, manner of presentation, inclusion of others in the discussion are evaluated. A list of topics for clinical seminars will be offered to students in the first term of the course (one seminar can be prepared by one or more students).

FINAL TEST: In this way, the student can gain up to 60 points.

The final grade is formed as follows:

In order to pass the course, the student must obtain a minimum of 51 points, namely:

1. obtains more than 50% of the points provided for the seminar work
2. obtain more than 50% of the points provided for the clinical seminar
3. pass the final test, i.e. have more than 50% correct answers.

the number of points earned	grade
0 – 50	5
51 – 60	6
61 – 70	7
71 – 80	8
81 – 90	9
91 – 100	10

FINAL TEST

EVALUATION OF THE FINAL TEST

The test has 30 questions
Each question is worth 2 points
